

NOTE TO REVIEWER:

I built this tool to convert URLs to INSERT statements as a way to quickly populate a table required for Challenge 4: Store Database for Project #178 Core SQL [Solo Study]. I found the algorithm online and created a VBA module for this worksheet.

Credit & Debt Courses:

ID	Title	URL	Price	Description
1	Credit Building Unveiled	Take Course	15	Demystify the process of building a good credit profile.
